

## Are you a pharmacist in Alberta who speaks French? Make yourself known

**Edmonton, July 11, 2025** - If you speak French and enjoy serving your clients in their preferred language, the **Réseau santé Alberta (RSA)** invites you to **join its free directory** of French-speaking health professionals.

### Why this directory?

With Alberta's Francophone population steadily growing, ensuring **equitable, safe, and high-quality access to health care in French** has become a key priority. This directory aims to:

- Highlight health professionals who can provide services in French
- Help Francophone patients find care more easily
- Foster collaboration among healthcare providers

### Why should you register?

Pharmacists are often the **first point of contact** in the healthcare system. Your ability to welcome, inform, and advise patients in French can significantly improve their experience. By joining the directory, you will:

- **Increase your pharmacy's visibility** among a growing Francophone clientele
- **Actively support** improved language accessibility in Alberta's healthcare system
- **Strengthen your role** in building a more inclusive and bilingual community

### How to register?

Simple, quick and free!
