

LA SANTÉ EN FRANÇAIS :  
L'affaire de tout le monde!

RÉSEAU SANTÉ ALBERTA

PRESS RELEASE

## Réseau santé Alberta Launches “Café de Paris”: A New Resource for Healthcare Professionals

**Edmonton, July 23rd, 2025** – Réseau santé Alberta (RSA) is proud to announce the launch of the **Café de Paris** program in Alberta, an innovative initiative designed to support healthcare professionals in improving their French language skills. Already successfully implemented in several Canadian provinces, this program aims to promote the active offer of French-language health services and meet the growing needs of Alberta's Francophone community.

**Café de Paris** offers a friendly, flexible, and pressure-free learning environment, specially designed for healthcare professionals who interact directly with patients. Whether you want to improve your French, expand your medical vocabulary, or gain confidence in providing safe, quality care in both official languages, this program is for you. Sessions are led by experienced facilitators and tailored to your needs and schedule: in-person or online, in groups or one-on-one; you choose the format that suits you best.

By participating in **Café de Paris**, you contribute to building a more inclusive, equitable healthcare system that respects the linguistic needs of your patients. You'll benefit from personalized support, a variety of educational tools, and a judgment-free learning environment that fosters exchange and collaboration.

To register or learn more about upcoming sessions and participation details, contact Réseau santé Alberta today:

**Phone:** (780) 466-9816

**Email:** [info@cafedeparis-alberta.ca](mailto:info@cafedeparis-alberta.ca)

**Website:** [cafedeparis-alberta.ca](http://cafedeparis-alberta.ca)

Together, let's build a healthcare system where every patient feels understood and where language becomes a strength for excellent care!
